HPE | IBM | DELL | SUN | CISCO

*"Quality is remembered long  
after the price is forgotten."*

# Out think And Outperform Your Competitors In The Digital Era...

In today's unstable economic environment, companies are under enormous pressure to cut down their IT Infrastructure budget. For more than a decade, Zaco has provided businesses across India with IT Infrastructure equipments at an affordable price, making sure they don't exceed their budget. We offer new and pre-owned servers, storages, networking devices and their spares from all major OEMs including HP, Dell, IBM, Sun Microsystems, Cisco, NetApp, EMC. and a few others and all our products are fully warranted. Established in 2000, we offer best in class IT hardware and solutions to corporate world. We are dedicated to providing our customers with service excellence in their time of need.

"We manage all problems of our customers and provide a solution and assist them in their IT related issues. Our aim is to provide right solution at the right time and with right price without compromising on quality and service. In simple words, we believe that –  
"Quality is remembered long after the price is forgotten."

Our warehouse is stocked with a large inventory of servers, storages, workstations, networking devices and their parts ready for delivery at anytime. We have shipping options of next day morning delivery as well as same day delivery for critical shipments across India. Our logistics partners, FedEx and BlueDart help us to deliver your equipments to you when and where you need it.

## **Mission:**

"To be the IT infrastructure partner of choice for esteem customers by collaboratively providing right and quality solutions and transforming technology into business opportunities."

## **Vision:**

"To provide value performance and service excellence, enhance life of infrastructure and provide reliable solutions at all times to our customers".
